XP9R

(809491)

A powerful mid-sized torch in COAST's new durable "extreme performance" Line of Portable Lighting Solutions

COAST brings 1000 lumens to a compact, 12.95cm torch in its new XP9R. The COAST XP9R Dual Power™ torch delivers brightest-in-class light featuring COAST's famously consistent beam. The torch features three light output modes with a slide focus, and delivers multi-beam capability.

The torch can deliver this powerful brightness courtesy of COAST's patented ZITHION-X™ rechargeable battery. The XP9R is also compatible with two CR123s disposable lithium batteries (sold separately).

This all-purpose handheld torch features patented slide-focusing optical technology that shines clean flood light and piercing spot light with seamless transitions between.
